► The EXPLORER!

What is the Kansas Explorers Club?

We're fun --- and the cause is contagious. You see, we're about more than just traveling the state. You might call us activists, a group of people that aren't afraid to say that Kansas has lots to see and do. While we're out discovering those places we eat in local cafes and feel good about spending money in locally-owned businesses. Visiting with the locals is key because it bonds you to the experience. Exploring is not so much about being at the destination but enjoying the journey.

► WONDROUS ART

- Post Office Section Art can be seen at 22 post offices in Kansas. One is in the **Kingman** post office. It depicts a cattlemen's picnic painted by Jessie S. Wilbur, 1942.

► COMMERCE: We're all Business!
