**Please check and bring to class if you have the following:**

- I will bring my laptop computer with wireless capability
- I will need to use lab computer
- Flash drive and/or CD of 10 photos (if you are not bringing your own laptop, you will need to bring your photos on a flash or CD to load to the lab computer hard drive.) If bringing your laptop please prepare a folder with a maximum of 10 photos to use in class.
- Digital camera with memory card and/or cable to download photos

**Please check the following to let us know if you are a beginner or advanced social networker.**

- Do you have a Facebook page? (check box if you do)
- Do you Twitter? (check box if you do)
- Do you have a blog? (check box if you do)
- Do you have Picasa3 downloaded on your computer?

**Due to the amount of material covered in two days we will ask everyone to set up a Facebook & Twitter account before they attend the class. ([www.facebook.com](http://www.facebook.com)) ([www.twitter.com](http://www.twitter.com)) We will teach you in class how to set up your blog. We also ask that everyone download Picasa3 before attending. Go to: [www.picasa.com](http://www.picasa.com) and follow the instructions. (it will ask you to create a Google Account which is also needed when you create your blog at [www.blogger.com](http://www.blogger.com)) You can create a Google Account from either of those websites.**

**Anyone who is not able to set up accounts will be invited to come at 8 a.m. on Day 2 to receive instruction and help on getting their accounts set up.**

Special Needs? Please list them here
